## EXPERIENCE \_\_\_\_

#### **E-Commerce Associate at Bbag.in** (01/12/23 – 01/07/24)

- Managing the organization's website hosted on Shopify platform, ensuring smooth functionality and user experience.
- Created dynamic web pages to coincide with various occasions and promotions.
- Collaborated with the digital marketing team to produce high-quality imagery for website and product presentation.

## CERTIFICATIONS

• Foundations of User Experience (UX) Design Coursera (25/03/2024)

## PROJECTS

#### **Short Term Rental Service (STRS)**

- Spearheaded the creation of a dynamic platform facilitating connections between property owners and potential renters.
- Designed and implemented an intuitive user interface using HTML, CSS, Bootstrap, and JavaScript for the frontend. Developed a backend infrastructure with Node.js and Express.js, integrating MongoDB for efficient data management.

## **Ayush Service Availability**

- Created an intuitive frontend web application using HTML, CSS, JavaScript, and Bootstrap.
- Implemented Google Maps API to enable real-time location tracking of nearby AYUSH hospitals.
